

Environmental Reports

Guidelines for your written reports:

1. Your reports will be 5 pages typed (Double Space, 12 font, 5 space margin)
*There will be no plagiarism. **It must all be in your own words.**
2. Any pictures will not be included in the total number of pages required. Although, it will add to the quality of the report.
3. The report must have a cover.
4. A bibliography is required at the end. This also will not be included in the total number of pages.
5. The report must cover the basics of your topic. This would include causes and effects, and possible solutions. You may use specific examples for references but do not focus on an individual items.

Guidelines for your presentation:

1. The presentation will be a minimum of 4min. and a maximum of 15min.
2. You will **not** be allowed to use your reports for the presentation. Note card are advised.
3. A visual will be required. This may consist of a poster board drawing (nice), or video. They must be oked with me. Along with the visual, there will be an explanation that coincides with it.
