

## Parents and students,

We need you help with the following parking issues:

- 1.) **Driving Range** – Monday through Thursday of each week we ask that you either remove your car or do not park in the southeast parking lot. The gates will be closed and locked at 2:45PM so that the driving range is available for students. Unfortunately, if your car is left on the range and we are unable to locate you quickly, your car will be towed from the lot at your expense. Please be attentive to this request and the need our students have to work toward their earning their driver's permits.
- 2.) **Red Curb Parking – west and north side** – Because of the driving range situation, we recognize that the closest parking lot to the soccer field, track, softball and baseball fields, and tennis courts is unavailable. This means that the only lots available for parking during these afternoon sporting events are the north and east lots – which will require some walking. The west gate will also be locked and closed at 2:45PM. We are finding that instead of using the parking lots, many patrons are choosing to park along the red curb—creating a difficult situation for emergency vehicles and busses. We ask that you please be observant of the red curb parking. It is critical that the red curbs be open for busses and emergency vehicles. Please be aware that cars parked along the red curbs will be ticketed by Orem PD. We regret that we do not have a large parking lot on the west side of the building to make it more convenient for you, our guests. Thank you for your support and attention to these matters

\* The driving range lot (southeast) is available for parking on Fridays
